

Nirsevimab (Beyfortus) in Peel Region

- **Peel Public Health:** will offer Beyfortus® all infants born in 2024 who reside in Peel AND do not have a primary care provider and/or face barriers accessing the vaccine (e.g. newcomers including refugees/asylum seekers), including infants born outside of a hospital, i.e. home births attended by Registered Midwives
 - Infants 6 months and older on the day of their clinic visit are also eligible to receive a COVID-19 and influenza vaccines at the same appointment
 - To book an appointment, call 905-799-7700 or 1-888-919-7800 (toll-free for Caledon)
- **Wellfort Community Health Services:** will screen and offer Beyfortus® to unattached infants (i.e., those without primary care provider)
 - To book an appointment to receive Beyfortus® or for further assistance, call:
 - The Four Corners Clinic at 905-677-9599 (Malton site)
 - The Bramalea Clinic at 905-451-8090 (Brampton site)
- **Mississauga Paediatric Care Clinic:** will offer Beyfortus® to both attached and unattached infants (i.e., those without primary care provider)
 - For more information, call 905-272-9900 ext. 240 or visit <https://www.summervillefht.com/>

Additionally, unattached patients can be referred to the following providers in Mississauga and Brampton. Beyfortus® will be provided as part of the infant's primary care.

- **CarePoint Health** (two locations in Mississauga):
 - CarePoint Connects Program supports unattached patients by pairing them with a nurse practitioner until they are matched with a physician in the CarePoint Health affiliated physician network. Patients in this program will have access to team-based care which includes services such as mental health, physiotherapy, nutrition and more.
 - Patients can [self refer](#) or can be referred by healthcare providers using the [provider referral form](#).
 - More information is available at: <https://carepointhealth.ca/carepointconnects-ca/>
- **Wellfort Community Health Services** (two locations in Brampton and Malton):
 - Wellfort offers interdisciplinary health services to individuals and families in Peel Region and prioritizes those who face systemic barriers and/or experiences marginalization. It is committed to providing support and care to residents of Bramalea and Malton. For a full list of their service eligibility criteria, please see: <https://www.wellfort.ca/home/about/service-eligibility>
